Subject Index Vol. 122 1975

Abandoned Oil Well is Key to Water Supply Problem.
Robert R. Whitehead — Jan 32
Absorption Efficiencies in Bubble Columns, Oxygen Transfer and. H. H. Hsu, K. B. Wang & L. T. Fan — Feb 34
Activated Bio-Filter Process. William F. Owen and Alfred F. Slechta — Nov 60
Activated Carbon Eliminates Taste and Odor Problems, Granulated. — Nov 42
Activated Carbon: Old Solution to Old Problem.
Alan D. Adams. Part I — Aug 46
Part II — Sept 78
Activated Granular Carbon, Operating Experiences With. Steven Medlar — Feb 70
Activated Sludge
Advanced Design: Superior Effluent, Stability and Economy. Herbert L. Kaufman **et al**
Part I — Jan 71
Part II — Feb 88
Centrifugal Screen Concentrator for Activated Sludge Process. Ed Fernbach and George Tchobanoglous Part I — Jan 64
Part II — Feb 40
Current Trends in Packaged Wastewater Treatment Facilities. Robert Dresnack and Wayne Miller Part I — Aug 60
Part II — Sept 96
Part III — Oct 98
Part IV — Nov 66
Loop Aeration Tank Design Offers Practical Advantages. Allan Jacobs. Part I — Oct 74
Part II — Nov 74
Phosphorus Removal in an Extended Aeration Plant. Charles E. Bowman — Mar 51
Rate of Phosphorus Uptake by Activated Sludge. W. N. Wells — Jan 36
Secondary Treatment Design for Combined Wastewaters. Charles N. Smith. Part I — Mar 57
Part II — Apr 82
Wastewater Treatment Plant Handles Pulp and Paper Mill Wastes — Dec 61
Advanced Design: Superior Effluent, Stability and Economy. Herbert L. Kaufman et al Part I — Jan 71
Part II — Feb 88
Aeration Plant, Phosphorus Removal in an Extended. Charles E. Bowman — Mar 51
Aeration Tank Design Offers Practical Advantages, Loop. Allan Jacobs. Part I — Oct 74
Part II — Nov 74
Aeration Upgrades Reservoir.
Richard S. Harper — Jun 40
Aerators Treat Sewage, Floating — Mar 56
Aerobic Batch Process Replaces Septic Tanks, New — Mar 46
Agricultural Runoff Pollutes Surface Waters.
Leland L. Harms **et al** Part I — Oct 84
Part II — Nov 71
Algae Control Biodegradable? Are Chemicals Used in. George P. Fitzgerald — May 82
Algal Nutrients, Green Bay Self-purifies.
G. P. Fitzgerald, M. S. Torrey and G. C. Gerloff — Jun 58
Allegheny County Sanitary Authority, Pittsburgh, Pa., Use Mixers to Provide Operational Flexibility. — Mar 78
Alum vs. Phosphate - Wastewater Treatment.
R. W. Ockershausen — Jul 80
Aluminum Pigmented Paint Used on Water Storage Tanks — Mar 48
American View of Soviet Water and Wastewater Practice, An William Konrad — Sep 87
Anaerobic Digestion of Sludge. Arthur F. Weland and Paul N. Cheremisinoff. Part I — Oct 80
Part II — Nov 45
Anaerobic Digestion Process, Control Strategies for the. John F. Andrews Part I — Mar 62
Part II — Apr 74
Analysis of Synthetic Wastewater, Formulation and.
Lawrence K. Wang **et al** — Feb 44
Analysis, Reducing the Cost of COD.
Douglas W. Clark **et al** — Jul 94
Analyses, A Simple Quality Control Chart for Environmental. David J. Schueller, and Korsunsr G. Janardan — May 76
Analytical Determination of Trace Metals in Water.
Noel V. Brodtmann, Jr. and Irvin Houghton — Apr 64
Another Look at the NCR Formula.
E. D. Schroder and G. Tchobanoglous — Jul 58
Are Chemicals Used in Algae Control Biodegradable?
George P. Fitzgerald — May 82
Are Two Filters Necessary? Albert E. Sylva, Donald A. Bancroft and James D. Miller — May 66
Arizona Water Co. Servicing a Small Water System.
Marcus McCutchan — Jul 90
ASCE "Best Engineering Project of the Year Award" — Mar 72
Assimilation Capacity in Receiving Streams, Prediction of. A. F. Gaudy, Jr. Part I — May 62
Part II — Jun 78
Austin, Texas, Floating Aerators Treat Sewage — Mar 56
Automatic Meter Reading is Alternative for Water Utility — Oct 76
Awards, Water Tank Design — Oct 68
AWWA Wisconsin Section Meeting Report — Dec 46
Beating the Chemical Crisis.
John E. Vogt — Jul 66
Better Salaries for Better Utility Men. Garvin H. Dyer — Jul 29
Big-Meter Testing Program Boosts Water Revenues — Dec 36
Bin Activator Helps Upgrade Water Purification Operation — Aug 68
Bio-Filter Process, Activated.
Alfred F. Slechta — Nov 60
Biological Reactors Remove Nutrients, Rotating.
Oliver Hao and Gerald F. Hendricks Part I — Oct 70
Part II — Nov 48
Books
Cost Benefit Analysis and Water Pollution Policy.
Henry M. Peskin and Eugene P. Seskin, Ed — Nov 14
Coupling of Land and Water Systems.
Arthur D. Hassler, Ed — Nov 14
Disinfection - Water and Wastewater.
J. Donald Johnson, Ed — Nov 14
Environmental Sources and Emissions Handbook.
Marshall Sittig — Nov 14
Systems Analysis in Water Resources Planning.
Prepared by Meta Systems, Inc — Nov 14
Wastewater Systems Engineering.
Homer W. Parker — Nov 14
British "Clean" and "Dirty" Water Practices, Highlights of. Frank Reid — Apr 56
Budget Problems? Try Specialized Contractor.
Larry Spiess — Mar 76
Can We Afford Zero Pollution Risk?
Joe O. Ledbetter — Sep 104
Carbon Removal, One-step Nitrification and.
Enos L. Stover and Don F. Kincannon — Jun 66
Carcinogens, Treatment Plant To Be Tested for.
James R. Riney and D. R. Rowe — May 110
Cast Iron Pipe Research Assn. System Criteria.
Michael G. Hoover Part I — Mar 42
Part II — Apr 70
Cattle Killing Waste, Wastewater Treatment Plant Handles. Sam A. Phillips — Aug 50
Centrifugal Screen Concentrator For Activated Sludge Process. Ed Fernbach and George Tchobanoglous Part I — Jan 64
Part II — Feb 40
Chemical Crisis, Beating the. John E. Vogt — Jul 66
Chemical Treatment, Ferric Chloride or Lime for.
Nava Narkis, Menahem Rebhun and Regina Offer — Jan 43
Chloride Ion Concentration, Ion Activity Electrode Method Yields. E. Hindin — Sep 60
Chlorination for Iron Removal in Well Water.
Bracilovic M. Dragomir, Barbic F. Franc and Djindjic V. Miodrag — Jan 40
Chlorination of Water-Potable, Possibly: Wastewater, No! Robert S. Ingols — Feb 82
Chlorination: The Current Dilemma.
Glenn W. Rehberger — Nov 62
Chlorine Contact Chamber Performance, Modifications Improve.
Frederick L. Hart **et al** Part I — Sep 73
Part II — Oct 88
COD Analysis, Reducing the Cost of.
Douglas W. Clark **et al** — Jul 94
Color Problem, Ozone Treatment Licks. — Apr 52
Combined Waste Treatment Proves Economical and Feasible John T. Hannigan — Nov 38
Comprehensive Water Resources Management.
Charles A. Kohlhaas — Jun 70
Computer, Water Distribution Network Analysis by.
Washington State Department of Social and Health Services. Part I — Jan 50
Part II — Feb 78
Part III — Mar 79
Computerized Monthly Operating Reports May Be Cost-Effective Alternative. Francis A. DiGiano, Roland J. DuPuis and Peter J. Williams — Dec 49
Computerized Sewer Design: New Tool for an Old Problem.
Ronald L. Ewing, P.E. — Apr 67
Contaminants in Rainwater and Their Relation to Water Quality. John A. Frizzola and Joseph R. Bian Part I — Aug 72
Part II — Sep 94
Control Strategies for the Anaerobic Digestion Process.
John F. Andrews et al
Part I — Mar 62
Part II — Apr 74
Cost Analysis, Interceptor Sewer.
A. S. Pandit — Nov 44
Cost Analysis of Package Wastewater Treatment Plants.
Syed R. Qasim and Ajit K. Shah — Feb 67
Cost-Effective Alternative, Computerized Monthly Operating Reports May Be. Francis A. DiGiano, Roland J. DuPuis and Peter J. Williams — Dec 49
Cost of Trickling Filter Recirculation. Chin R. Lee and T. Takamatsu Part I — Jan 57
Part II — Feb 64
Costs and Corrosion in Sewage Plants, Stainless Steel Reduces. E. S. Kopecki — Sep 86
Crossword Puzzles — Jan 60, Feb 83, Mar 60, Apr 84, May 108, Jun 65, July 79, Aug 51, Sep 102, Oct 90, Nov 50, Dec 60
Crystal Lake, Ill. Water Tank Design Awards — Oct 68
Current Trends in Packaged Wastewater Treatment Facilities. Robert Dresnack and Wayne Miller Part I — Aug 60
Part II — Sep 96
Part III — Oct 98
Part IV — Nov 66
Dealing With the Discharge Monitoring Report.
John D. Holm — Dec 62
Design: Economics and Techniques, Wastewater Treatment. W. Wesley Eckenfelder, Jr. Part I — Jun 62
Part II — Jul 70
Design for Combined Wastewaters, Secondary Treatment.
Charles N. Smith Part I — Mar 57
Part II — Apr 82

Detergent Phosphate Ban Yields Little Phosphorus Reduction. James E. Etzel, **et al** Part I — Sep 91
Part II — Oct 91
